

LA PENICHE

Canal du midi

Halfway between Béziers and Carcassonne, Homps is a little village just off the Minervoise road. You need to go into the village to reach the banks of the Canal du Midi and discover the port and its seaside atmosphere. You'll be drawn straightaway to our terrace right on the water's edge with its little blue armchairs, just perfect for chilling out. Come straight in: go through the main restaurant area and you'll find the shady garden at the back, full of charm and protected from the elements, where you can taste our regional cuisine or a pizza from our wood oven. The friendly atmosphere is warm and relaxed.
