

ESPACE PIERRE SECHE ET ARCHITECTURE RURALE

Cabardès

Attribution : ESPACE PIERRE SECHE

Useful information

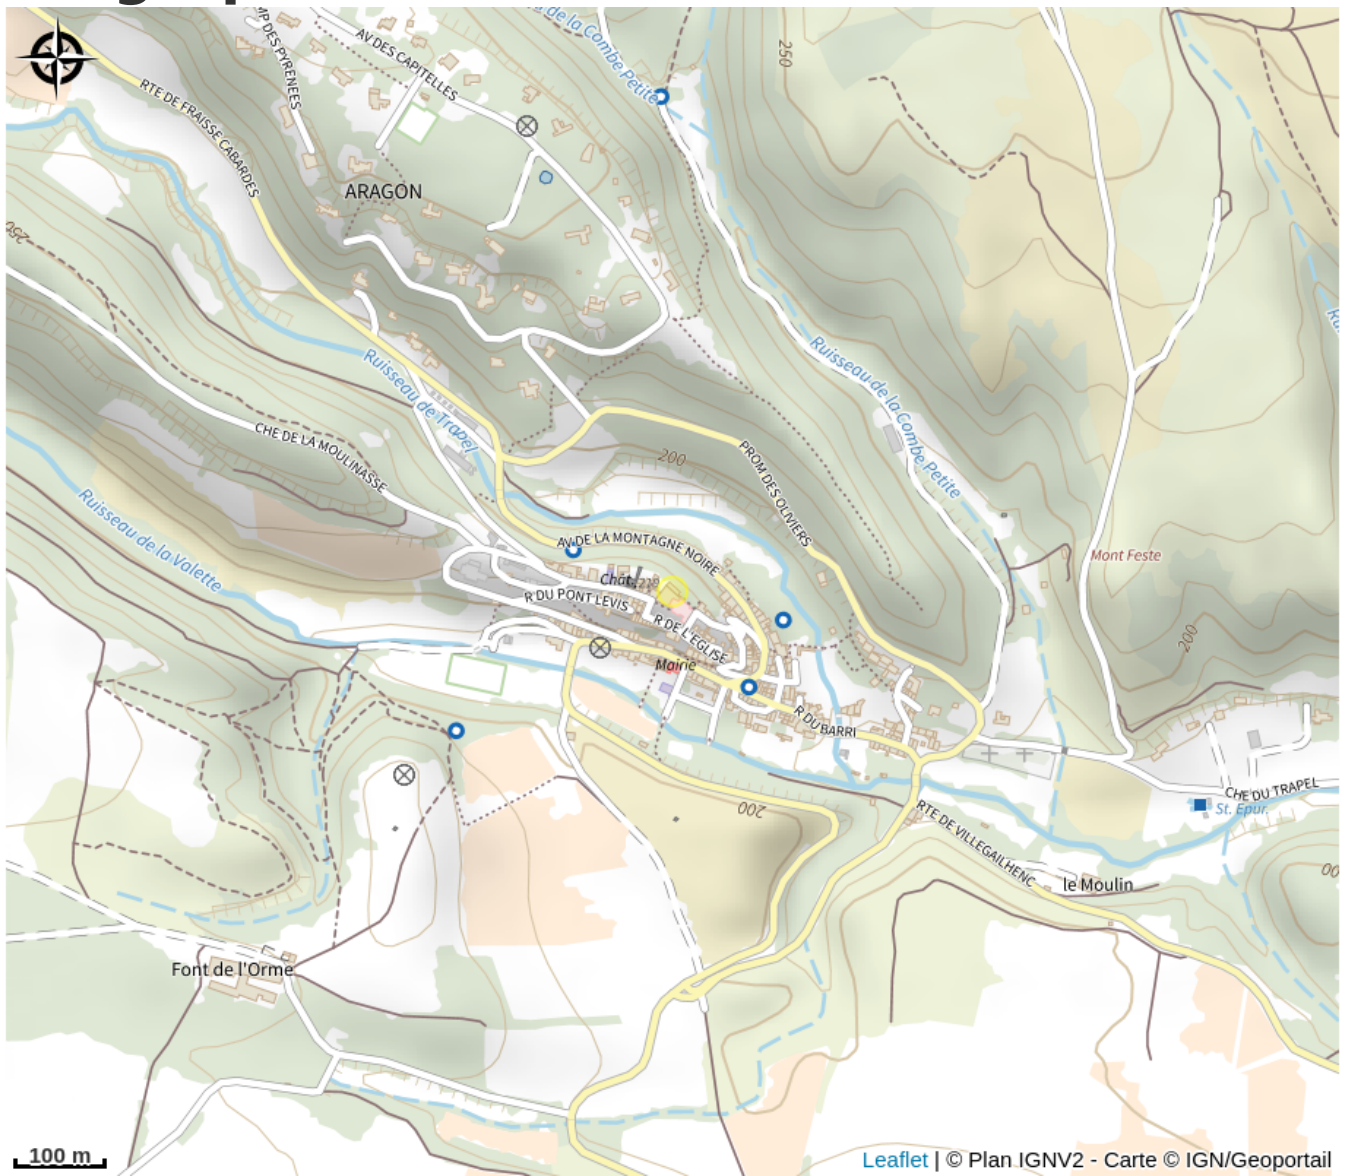

Category : Attractions

Type : Cultural attractions

Description

Learn all about dry stone architecture (huts, low walls, enclosures, etc.) and rural architecture (mills, lime kilns) through documents which can be read like a fresco all along the walls, a film projected continuously and an exhibition of several dry stone constructions. There is an outdoor interpretation site. You can combine a visit to this museum space with a tour of the parish church and its 14th-century painted woodwork. Open by prior reservation only.
