Description

Stroll through the village and its hills and discover the monumental sculptures in red marble from Caunes-Minervois. Starting from the car park in front of the school (Esplanade de l'Europe), where a number of sculptures are displayed along the river Argent, go as far as the L'Oreille sculpture in front of the old ramparts and then along the road leading to the quarries, go into the Jardin des Marbrières or along the avenues and in front of the Ecomusée Marbre et Terroir... Each sculpture was created during one of the residencies or symposia organised in the town each year. Open-air trail. Free to use and enjoy.
